

Get funding, make impact[®]

We are Catalyze, a market leader in obtaining funding for biomedical, healthcare, and Agri, Food and Bioeconomy innovations.

We help leading researchers and companies secure financing for ambitious R&D projects, from fundamental research to late-stage clinical stage development. In our strategy we combine subsidies, loans and venture capital, tailored to your ambitions and needs.

At Catalyze, we support a variety developments in the Life Sciences, healthcare, and in the Agri, Food and Bioeconomy sectors.

We have a strong passion for the latest technological innovations and our top consultants work with the best clients and projects in Europe and beyond.

At Catalyze we

- ✓ Define your funding strategy and advise you on the upcoming funding opportunities
- ✓ Build strong commercial propositions to attract funding
- ✓ Take on the full application process to secure non-dilutive funding through grant programs
- ✓ Help attract government secured loans
- ✓ Help attract venture capital investors
- ✓ Offer project and grant management so you comply with requirements and obligations

Make yourself attractive for funding and investors

Our approach

The development of disruptive innovations is a complex process, taking several years. Next to the many technological challenges you face, the availability of financial resources has a major impact on realizing the strategic objectives of your organization. This is where Catalyze can make a difference. We are your reliable partner to secure the funding to realize your goals, while you stay focused on your R&D program.

Our experience

At Catalyze we have raised more than 600 million Euro in funding and have a strong track record raising funding through, but not limited to, HORIZON 2020, Eurostars, NIH,

EuroTransBio, IMI, ERC, ERA-NET, EFRO, regional funds and patient organizations.

Our team is also experienced in government secured loans, fiscal stimulus programs and raising financing through our investor relations.

Our network

Truly unique is our network of more than 2000 reliable partners, which constitutes of companies, (academic) research organizations, medical hospitals, patient organizations and European Associations. Our network is ideally suited for consortium building. Catalyze will find you the appropriate partners who can help you succeed in your product development, and build the strongest partnerships to increase the chances of raising funding.
